

Sermon Series Jan -Feb 2009

biblical WOMANHOOD

Since the Feminist movement of the 1960's we have been told that the bible's view of women and their role is restrictive and chauvinistic.

This sermon series is all about putting that view right as we look at topics such as:

**The uniqueness of women.
Women in Harmony with men
not in conflict
Marriage
Biblical views of singleness
Women and beauty
Family**
